i am a long distance truck driver. I own 2 trucks. I have xm radios in both trucks. Both the driver that I employ and myself depend upon the weather and traffic channels for our safe and efficient operation. Satellite Radio provides quality, variety, and vital information that we cannot get elsewhere. I pay for these services and I highly resent the National Assoc. of Broadcasters trying to dictate what I am permitted to hear. Please reject the NAB's petition 04-160. Please support XM's ability to provide the weather and traffic channels.
